PROFESSIONAL SUMMARY

Motivated and detail-oriented Frontend Developer with experience building responsive, user-centric web applications using HTML, CSS, Bootstrap, JavaScript, React.js, Next.js, and Tailwind CSS. Skilled in developing modern user interfaces, integrating APIs, and creating scalable frontend solutions through both professional and personal projects. In addition to frontend development, I have experience working with the MERN Stack, including Node.js, Express.js, and MongoDB. Passionate about writing clean, maintainable code and creating seamless digital experiences, I continuously enhance my technical skills and stay up to date with modern web development practices. Seeking opportunities to contribute my Frontend and MERN Stack expertise to meaningful projects, collaborate with dynamic teams, and continue growing as a web developer.

SKILLS

Frontend : HTML5, CSS3, Bootstrap, JavaScript (ES6+), React.js, Next.js, Tailwind CSS

Backend : Node.js, Express.js, REST APIs

Database : MongoDB

Tools & Version Control : Git, GitHub, VS Code

Soft Skills : Problem Solving, Team Collaboration, Time Management, Continuous Learning

EXPERIENCE

Frontend & MERN Stack Developer

2025 – Present

Personal Projects & Freelance Development

- Built modern web applications using React.js, Next.js, Node.js, Express.js, and MongoDB.
- Developed RESTful APIs and integrated frontend applications with backend services.
- Designed responsive and mobile-friendly interfaces using Tailwind CSS.
- Implemented authentication systems, dashboards, and database-driven applications.
- Optimized performance and maintained clean, reusable code across projects.

Frontend Developer

11/2024 – 08/2025

Codes Thinkers – Bahawalpur, Punjab, Pakistan

- Developed responsive web applications using React.js, Next.js, JavaScript, HTML, CSS, Bootstrap, and Tailwind CSS.
- Collaborated with team members to deliver client projects and custom business solutions.
- Integrated APIs and implemented modern UI/UX designs.
- Worked on dashboards, business websites, and dynamic web applications.
- Gained hands-on experience with Node.js, Express.js, and MongoDB while contributing to MERN Stack projects.
- Maintained clean, scalable, and maintainable code following modern development practices.

PROJECTS

Multi-Language Donation Platform - React.js, Next.js, Node.js, MongoDB

- Developed a multilingual donation platform supporting multiple languages, building responsive interfaces and integrating backend APIs.

Admin Dashboard - React.js, Tailwind CSS

- Created a responsive admin dashboard with analytics, telemetry, and detailed data management features.

E-Commerce Website - React.js, Next.js, MongoDB

- Developed a modern e-commerce platform with responsive fluid design and comprehensive API integration.
